

# Windsor Spring

6219 Hunter Street

Completed in August 2005 by Evergreen Construction, Windsor Spring is a 39-unit complex that offers 26 one-bedroom units and 13 two-bedroom units for elderly and disabled residents making less than \$24,950 for a family of one or 28,500 for a family of two. The facility offers common areas that allow recreation, relaxation, and meetings among residents, their families and friends. Additional services are provided to help support the senior citizens in their housing. For example, Evergreen contracts with Resources for Seniors to assist residents in receiving medical screenings and other support services.

The project is located on Hunter Street near the intersection of Lynn and Creedmoor Roads in North Raleigh. This is Evergreen's fourth affordable rental apartment complex for those 55 years or older. Windsor Spring joins Meadow Spring, Garden Spring, and Berkeley Spring as projects where Evergreen and the City have successfully partnered to provide housing for seniors.

Seniors interested in renting a unit at Windsor Spring should contact the rental office at 919-848-2041.
